

FTSE Bursa Malaysia KLCI December semi-annual review

- **Two changes to the constituents of the FTSE Bursa Malaysia KLCI**
- **Six new constituents to be added to FTSE Bursa Malaysia Mid 70 Index**
- **Three new constituents to be added to FTSE Bursa Malaysia Hijrah Shariah Index**

FTSE Russell announces that there will be two changes to the constituents of the FTSE Bursa Malaysia KLCI, following the semi-annual review of the FTSE Bursa Malaysia Index Series today. Nestle (Malaysia) and Press Metal Aluminium Holdings will replace British American Tobacco (Malaysia) and IJM in the index.

The index series is reviewed semi-annually in accordance with the index ground rules.

Part of the FTSE Bursa Malaysia Index Series, the FTSE Bursa Malaysia KLCI is widely used by investors as the primary benchmark for the Malaysian market, including derivatives through FTSE Bursa Malaysia KLCI Futures (FKLI), FTSE Bursa Malaysia KLCI Options (OKLI). The benchmarks are also tracked by a number of index-linked financial products, such as exchange traded funds.

The FTSE Bursa Malaysia KLCI reserve list, comprising the five highest ranking non-constituents of the index by market capitalisation, will be Hartalega Holdings Bhd, Malaysia Airports, Dialog Group, Lotte Chemical Titan Holding and Gamuda. The reserve list will be used in the event that one or more constituents are deleted from the FTSE Bursa Malaysia KLCI in accordance with the index ground rules during the period up to the next semi-annual review.

As a result of this review, British American Tobacco (Malaysia), IJM, Gas Malaysia, Hengyuan Refining Company, Lafarge Malaysia and Lotte Chemical Titan Holding have been added to the FTSE Bursa Malaysia Mid 70 Index and IOI, Lotte Chemical Titan Holding and Nestle (Malaysia) have been added to the FTSE Bursa Malaysia Hijrah Shariah Index. As a result Karex, Mah Sing Group, Malaysia Marine and Heavy Engineering Holdings Bhd, Press Metal Aluminium Holdings, Taliworks and TMC Life Sciences will be deleted from the FTSE Bursa Malaysia Mid 70 Index. Digi.com, KPJ Healthcare and MISC will be deleted from the FTSE Bursa Malaysia Hijrah Shariah Index.

All constituent changes take effect at the start of business on Monday 18 December 2017 and the next review will take place in June 2018.

FTSE Group and Bursa Malaysia have partnered since 2006 to provide a suite of indexes for the Malaysian Market. Further information on the FTSE Bursa Malaysia Index Series review, including all additions and deletions as well as ground rules, is available at <http://www.ftse.com/products/indices/bursa-malaysia>.

Notes to editors:

About FTSE Russell

FTSE Russell is a leading global index provider creating and managing a wide range of indexes, data and analytic solutions to meet client needs across asset classes, style and strategies. Covering 98% of the investable market, FTSE Russell indexes offer a true picture of global markets, combined with the specialist knowledge gained from developing local benchmarks around the world.

FTSE Russell index expertise and products are used extensively by institutional and retail investors globally. Approximately \$15 trillion is currently benchmarked to FTSE Russell indexes. For over 30 years, leading asset owners, asset managers, ETF providers and investment banks have chosen FTSE Russell indexes to benchmark their investment performance and create investment funds, ETFs, structured products and index-based derivatives. FTSE Russell indexes also provide clients with tools for asset allocation, investment strategy analysis and risk management.

A core set of universal principles guides FTSE Russell index design and management: a transparent rules-based methodology is informed by independent committees of leading market participants. FTSE Russell is focused on index innovation and customer partnership applying the highest industry standards and embracing the IOSCO Principles. FTSE Russell is wholly owned by London Stock Exchange Group.
