FTSE UK Index Series Quarterly Review September 2017

- **NMC Health and Berkeley Group to join FTSE 100**
- **Provident Financial and Royal Mail to enter FTSE 250 in rebalance**

FTSE Russell, the global index provider, confirms today that NMC Health and Berkeley Group will be joining the FTSE 100 Index. In the rebalance, Provident Financial and Royal Mail will leave the UK's leading index and enter the FTSE 250 Index.

The rules-driven, impartial quarterly reviews ensure the indexes continue to portray an accurate reflection of the market they represent, and form an essential component to the management of the indexes.

The FTSE 250 Index will see the following changes (in alphabetical order), in addition to the amendments described above:

Entering FTSE 250 Index	Exiting FTSE 250 Index
Alfa Financial Software Holdings	Carillion
Sequoia Economic Infrastructure Income Fund	Northgate
888 Holdings	Petra Diamonds

FTSE Russell operates a reserve list for the FTSE 100 Index, to be used in the event of a corporate action occurring between reviews e.g. merger, acquisition, delisting or suspension. In such cases, the reserve list constituent with the largest market capitalisation (on the date of the corporate action) will replace the outgoing constituent. With immediate effect, the following reserve list for FTSE 100 will be used (in alphabetical order):

- Capita
- Evraz
- Halma
- Just Eat
- Melrose Industries
- Smith (DS)

All changes from this review will be implemented at the close of business Friday, 15 September 2017 and take effect from the start of trading on Monday, 18 September 2017.

Notes to editors:

About FTSE Russell:

FTSE Russell is a leading global index provider creating and managing a wide range of indexes, data and analytic solutions to meet client needs across asset classes, style and strategies. Covering 98% of the investable market, FTSE Russell indexes offer a true picture of global markets, combined with the specialist knowledge gained from developing local benchmarks around the world.

FTSE Russell index expertise and products are used extensively by institutional and retail investors globally. More than \$12.5 trillion is currently benchmarked to FTSE Russell indexes. For over 30 years, leading asset owners, asset managers, ETF providers and investment banks have chosen FTSE Russell indexes to benchmark their investment performance and create investment funds, ETFs, structured products and index-based derivatives. FTSE Russell indexes also provide clients with tools for asset allocation, investment strategy analysis and risk management.

A core set of universal principles guides FTSE Russell index design and management: a transparent rules-based methodology is informed by independent committees of leading market participants. FTSE Russell is focused on index innovation and customer partnership applying the highest industry standards and embracing the IOSCO Principles. FTSE Russell is wholly owned by London Stock Exchange Group.
